 Generation One enables children in the Third Ward to succeed by supporting their education through individualized lesson plans, tutoring, mentoring and enrichment programs.

 GenOne also gives the kids access to safe, fun and memorable childhood experiences with events, camps and other activities throughout the year.

 We coordinate hundreds of volunteer groups each year to revitalize the neighborhood by clearing lots, demolishing dangerous buildings, painting homes, building wheel chair ramps and other minor home repairs.

*Generation One, Inc. is a 501 (c)(3) nonprofit organization. Your tax deductible donation to Generation One, Inc. will be used to provide for the needs of the children of Third Ward and their community.*
